COMPANY PROFILE

INTRODUCTION

MRK Construction Limited has built its reputation as a construction company that puts client's needs first. We're prominent in Architectural Works, Construction Projects, Bill of Quantities, Site Inspection, Project Planning, Office fit-out services, Electrical Works and Air Conditioning services among other services. Wherever we work, our Clients & Consultants value our trademark, commitment to excellence, quality, innovation, sustainability and safety. We capitalize our full range of expertise and collaborate with both Clients and their investors to deliver successful projects that consistently set new benchmarks in the engineering industry.

We owe our rapid growth to our vibrant, efficient and experienced staff. We're fully committed to delivering work as and when promised to the clients. Our operations head office is located in Kampala-Uganda and is registered as a partnership in Kampala-Uganda. MRK Construction Limited is a rebirth of Excel Ventures Ltd which was incorporated in South Sudan in 2012 and thereafter became a Limited Company on 10th September 2012.

MISSION

To be the regional leaders in providing excellent cost-effective and innovative professional construction & engineering consultancy services of continuously improving quality.
